

Sister Seekers

Communicating with Your Guardian Angels

Guardian Angels are divine helpers that nurture, protect and guide us. They help to expand our awareness, transform our thought patterns, and inspire us to reach our full potential.

By learning to connect with your angels, you can experience a greater sense of oneness with all things. When you learn the simple techniques of divine communication, you will experience joy, peace, confidence and a greater sense of purpose and connectedness.

You don't need extraordinary psychic or intuitive skills to have a dialog with your angels. This workshop will introduce simple techniques that will help you open your centers of awareness to make contact with your angels and receive inspirational messages, answers to your questions and solutions to life's problems. You will discover your angel's name and receive a written message from your guardian angel.

Wednesday, August 21, 2019, 6:30 – 8:30 p.m.

Cost: \$25

Hermitage Farm Center for Healing, Rochester, MN

Sages: Diane Anderson, Donna Magtibay, Marie Neher
