

Shamanic Reiki

Shamanic Reiki is an evolving practice that combines the ancient arts of Shamanism and Reiki to create healing techniques that are powerful and effective.

The Shamanic aspect looks at the spiritual cause of illness and disease. The practitioner connects with the world of our spirit helpers using the practice of journeying to obtain information associated with the healing needs of the individual.

Integration between Reiki and Shamanism enhances the healing experience using Universal Life Force Energy and the following:

- Creating Sacred Space
- Navigate expanded levels of consciousness
- Extraction of blockages and negative energies
- Use of stones and crystals for healing
- Reiki drumming for intentional work and for vibrational healing of the individual
- Dislodge and transmute energetic cords of attachment
- Connecting with Power Animals
- Working with the elements
- Utilize gifts from spirit for healing and ceremonial practice

This class is being offered: April 22, 2017 from 9:00 a.m. to 5:00 p.m. (Cost: \$90)
Facilitator: Diane Anderson

**This class is for Reiki practitioners who would like to expand their level of consciousness and add another dimension to their practice and personal experience.
