

The Power of Ceremony and Ritual for Releasing, Manifesting, and Healing

Saturday, August 17, 2024

1:00 – 5:00 pm

Ceremony and ritual are ancient traditions that have roots in virtually every culture and religion around the globe. Ceremony is an expression of gratitude, acknowledgment of the sacred, and appreciation for the Great Mystery. It opens a deeper level of consciousness and awareness of the energies that surround and affect us. Ceremonies and rituals may have a deep, lasting effect on the participants and may have far-reaching results. Ceremony is a vehicle for change.

Performing ceremonies and rituals allows us to tap into the power of our personal expression and intentions.

Participants will participate in simple ceremonies for releasing and healing.

Cost includes materials to make an “Intention Jar.”
